# Ancient Wisdom to the modern world

Thrayam's mission is to build Nalanda of our times. Creating Scientists, Philosophers, Artists, Enlightened Masters. Making sacred knowledge accessible to all humanity through technology to succeed in life and for total transformation. For us sky is the limit.

# Problem

- No structured way to learn Classical Yoga, meditation, and Ancient Sciences.
- Lack of schools unleashing human creativity and potential.
- Privacy first social network.

# The Utopia

- Nalanda of our times
- Privacy first social network  
for students.

## ■ **Nalanda of our times**

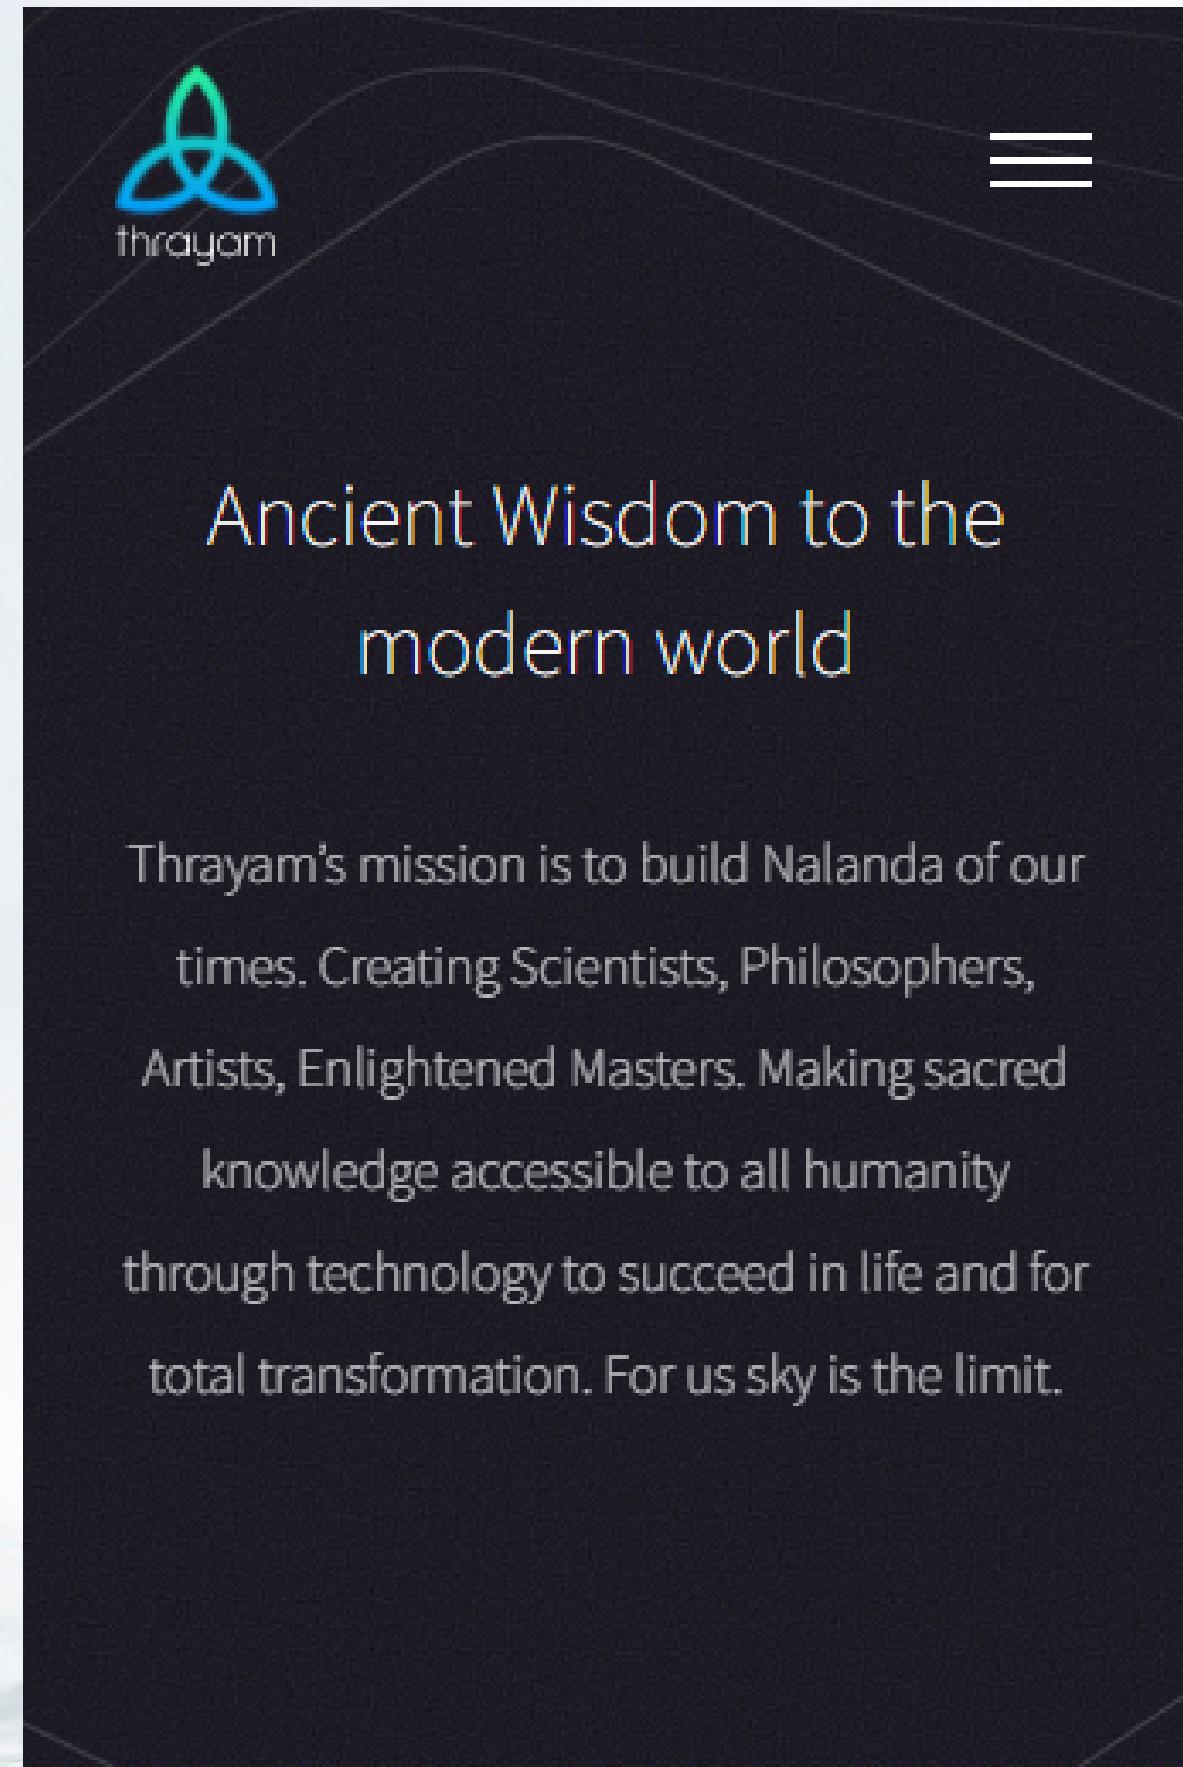

Unifying great teachers, researchers and learners in  
the world under one umbrella.

## ■ **Social Network**

Social network focusing on personal transformation  
and created content useful for evolution.

- **Learn from the best teachers in the world.**
- **Mobile and Web applications to track progress**
- **Register as a student or teacher.**

Unifying teachers and students around the world.

# Timing

# Why now?

We thrive for human evolution  
than personal computers  
becoming robots.

World needs more creative  
enlightened human being than  
ever before.
